

**WORLDWIDE FISTULA FUND**  
**HEALING WOMEN, RESTORING LIVES**

## Support the Worldwide Fistula Fund in 2012

This holiday season, we are inspired by the brave women we treat for obstetric fistula, the staff at the Danja Fistula Center and the support from our donors who help make our work possible.

Is there a specific aspect of our mission that is meaningful to you? Are you interested in supporting surgical care at the Danja Fistula Center or investing in our work in fistula prevention or social reintegration? Your support matters!

By making a gift today you can:

- Help the Worldwide Fistula Fund recruit fistula patients and provide excellent medical care at the Danja Fistula Center
- Provide support to our prevention program which encompasses 86 villages surrounding the Danja Fistula Center and 100,000 women
- Fund social reintegration programs and vocational training for the increasing number of incurable patients
- Enrich the hospital by providing training opportunities to surgeons, nurses and other medical professionals who have a passion for helping women who suffer from obstetric fistula

You can make a tax-deductible gift for the 2012 tax year **online** by December 31, 2012. Checks may be mailed to the Worldwide Fistula Fund, PO Box 27879, St. Louis, MO 63146

Thank you for your generosity this season. Happy Holidays!
