

WORLDWIDE FISTULA FUND

HEALING WOMEN, RESTORING LIVES

See what you've helped us accomplish this summer!

Last May, Olivia Bowen wrote a **guest blog** on Founding her organization One Week to End Fistula (OWEF) and why she chose to support WFF.

OWEF recently made another generous donation to help women and girls with fistula.

Thanks Olivia!

Kick Up Your Heels and Raise a Glass Ladies Night

On August 24th, WFF supporter and Medical Director in Obstetrics at Elmhurst Memorial Hospital, **Dr. Kim Darey**, and Winning Systems CEO, Laura Anderson, hosted an all ladies fundraiser at Kie & Kate Couture in Elmhurst, IL. Thanks to attendees' support, we raised funds to help heal women & girls suffering with childbirth injuries in sub-Saharan Africa.

Here's how you can easily **help fundraise** for these women.

WFF Receives Million Dollar Round Table Grant!

Worldwide Fistula Fund was awarded a \$5,000 grant from Million Dollar Round Table (MDRT) Foundation. This grant will help provide vital nutritional needs for women at **Danja Fistula Center** in Niger while they undergo life-changing repair surgeries after suffering the devastating childbirth injury, obstetric fistula.

MDRT is a global, independent association of the world's leading life insurance and financial services professionals from around the world. The MDRT Foundation, the philanthropic arm of MDRT, has granted over \$30 million to charitable organizations serving in all 50 states and 72 countries.
