## First Event As One Organization A Success!

The 3rd Annual **Night Out For Fistula raised \$53,080 for women and girls with childbirth injuries on Oct. 18!** This was our first event as one official organization with One By One, and we are so grateful to everyone who attended and helped make it a special night.

Guests enjoyed live marimba music, authentic Ethiopian food, and artisan goods handmade by survivors in our reintegration programs, which were available to purchase.

Founder Dr. Lewis Wall talked about his journey to help eradicate fistula and signed copies of his recently published book, "Tears for My Sisters: The Tragedy of Obstetric Fistula."
